Features

- Chubb safes Primus Model 280 Burglary Safe. Certification: Burglary (EN 1143-1). EN 1300 Certified Class A Key Lock.
- To assist installation, the door of the Deca can be removed, making its weight much more manageable, reducing it by a total of 15%. Once the door is back in place correctly, the safe offers full security once more. The range also features an escutcheon, which is an additional plate of steel around the lock, to ensure total protection.
